SchoolChoice Navigation for Families

Access the online SchoolChoice application through the [Choice website](#).

If you have a Parent Portal account and know your login credentials, proceed to [step 7](#).

Current DPS families can create a [Parent Portal](#) account using their student’s ID number.

Families not currently in DPS can also create a Parent Portal account after submitting a Pre-Enrollment form with supporting documents to obtain a student ID number. For more information on Pre-Enrollment forms, contact the Office of Choice & Enrollment or any DPS school.

If you have a Parent Portal account or have already created a SchoolChoice account, please refer to [these Reset Password instructions](#) at the end of this document to reset your password.

If you do not have a Parent Portal account, you can still participate in the SchoolChoice process by creating a SchoolChoice account. Follow the steps outlined below:

**Note:** If it is possible that your student exists in our system, you will need to work with the Office of Choice and Enrollment or with a DPS school in order to submit your application.

**Creating a SchoolChoice Account**

1. Click on the [Create a SchoolChoice account](#) link.

2. Enter a valid email address and a desired password, confirm your password in the third line, then click [Create account](#). There are no specific password requirements.
SchoolChoice Navigation for Families

A confirmation will be sent to your email, and you will see the below screen. You must go to your email to verify your SchoolChoice account.

You will receive an email from schoolchoice@dpsk12.org. If you do not see the email in your Inbox, please check your Spam/Junk email. Click the CLICK HERE to verify your email and be directed back to the SchoolChoice login page.

Once your account is verified you will be able to Sign in using your email and newly created password.
3. Click **Let’s Get Started** to create your Family Profile.

4. Enter your information then click **Next**. All the fields with an asterix (*) are Required.

4A. Enter your **Relationship to students** using the dropdown.

4B. Enter your **First name** and **Last name**.

4C. **Home Address**, which you can select from the suggested list.

After clicking on your address, the other address fields should populate with the rest of your address. Enter a value for **Apartment, Unit, or Suite Number**, if applicable.
SchoolChoice Navigation for Families

4D. Enter your preferred Contact Preference and enter at least one phone number. If you select Text as a preferred method, note that message and data rates may apply. Additionally, by selecting Text, you consent to receive recorded automated calls and/or texts.

5. After clicking Next, the system will verify whether the entered address is a validated student address. You may be asked to confirm or validate your address. If not, continue to Step 6.

5A. To Confirm Address, make sure the pin is in the correct location for your address. In the example below, the system recognized “E 47th Ave” and not “East 47th Ave.” Select Confirm and continue to Step 6.

5B. The system will flag addresses if the unit number is missing (apartment, suite, etc.), if the zip code isn’t recognized, or if the address is business instead of residential. If the address was entered incorrectly click Fix Address to return to the previous page and correct your address.
5C. If you entered the address correctly, click Use Address to continue.

6. On the next screen, enter your student’s information: First Name, Middle Name (if applicable), Last Name, Birth Date, and Gender.

6A. If your student is a current DPS student, please enter his/her Student ID Number (Lunch Number) if you know it. It is not required. If your student is not a current DPS student, proceed to step 6B.

NOTE: If your student is a current DPS student and you enter your student’s ID, the information must be an exact match to the information in IC: First Name, Last Name, Birth Date and Student ID must all match.

If the entered information does not match your student’s IC record, you will receive an error message like the below. If you receive the error message, you can contact your student’s school or Choice Office to determine what the error is, or click Create New Student to move forward.
6B. Enter your student’s **Current Grade** and **Grade Applying to** from the dropdown. If you were able to match your student to a current DPS student, these fields will be prepopulated for you.

6C. If your student resides at a different address than you do, click **New Address**. Otherwise, proceed to 6D.
6C.1. Type in the new address, select with whom the student resides from the drop down menu, then click Next.

If the address was entered correctly click Use Address or Confirm and continue to Step 8. Otherwise, refer to Step 5 for address verification.

6D. If you are the parent/guardian of more than one student, click Add Another Student. Otherwise, click Next and proceed to the next step.

6D.1. Enter the new student information, then click Next. (To add another student click Add Another Student and repeat step 6D). If this student resides at a different address click New Address and refer to step 6C.

The system will identify your student’s Projected School and Neighborhood or Zone School in the upper lefthand corner (red box). These schools will be designated by a blue box in the school list as well. If your Projected School is DPS Zone and Transition, that means you must participate in Choice to receive a seat for your student.

You can filter the schools by clicking Distance (though schools are automatically listed by those closest to you). You can also filter by schools that you designated as your Favorite through the School Finder tool.

9. Select and apply up to 12 schools.
10. Scroll to the bottom of the page and click **Next**.

11. Rank your schools with #1 being your most preferred choice. You may only select each school once. **Note:** To reorder schools, you must return the selection back to the phrase **Select School**. Once the schools are in your preferred order, click **Next**.

**Choice Application**

Depending on which school and which grade to which you are applying for your student, your application may look a little different than the below. Please proceed to either [ECE3 Application Steps](#), [ECE4 Application Steps](#), or [Grades K-12 Application Steps](#).
SchoolChoice Navigation for Families

2A. Conditional Questions: There are a few conditional questions that you may or may not see. For example, if you selected a qualification school (such as Polaris, which is HGT), then you will see a popup message. If you are unsure about your student’s qualifications to any school, please call the school directly. If you apply to a Montessori school, you will be asked about your student’s previous Montessori experience.

2B. ECE 3 is a tuition-based program. You can view the ECE 3 tuition guidelines and rates in this section. Select whether you would like to disclose your income information to receive tuition assistance, or to opt-out of tuition assistance and pay full tuition. Note that if you do not live in the DPS boundary, you are responsible for full tuition.

2C. If you opt in, you will input your Household Size and Income (work and non-work) for every member of your household.
3. Next, you will need to upload proof of your student’s birth and proof of your address.

4. Proceed to the final section of the application - the SchoolChoice Acknowledgement. Answer the additional questions regarding currently attending DPS siblings, Individualized Education Plan, out-of-home (foster) placement, and free and reduced price meals eligibility.

5. Continue on to the student language and instruction preferences questions. 
   5A. Since some (not all) ECE programs have half day options, you will be asked if you have a preference of morning or afternoon classes. Your preference will not impact your student’s placement at the school, and you are not guaranteed to get your preference.
5B. If your student speaks **Spanish**, you will have the option of choosing instruction in English or Spanish, if available.

6. Answer the **student’s race/ethnicity** questions. Note that this information is **not** used for any SchoolChoice placement purpose but is required for data collection and analysis.
7. Review the **General SchoolChoice Parent/Guardian Agreement**. You must click the link where prompted to view the Agreement on the SchoolChoice website. Additionally, we ask you to verify that you understand that ECE is tuition-based program.
