Information published within the Enrollment Guide is subject to change, and some information may have changed since the guide was printed. This publication is not intended to be a complete directory of information concerning all DPS schools. DPS is not responsible for the content or language of third-party advertisements included in this guide.
CHOOSING A SCHOOL IN DPS

Denver Public Schools takes pride in the school options available to our families. We truly believe there is a best-fit school for each and every student. Below are some things to think about when starting your school search.

FIRST, TAKE A CLOSE LOOK AT YOUR NEIGHBORHOOD SCHOOL. Incoming students in kindergarten through 12th grade are guaranteed a spot at their neighborhood – or boundary – school. You can determine your neighborhood school by typing in your address at schoolfinder.dpsk12.org.

IF YOU’RE INTERESTED IN ATTENDING A SCHOOL OTHER THAN THE SCHOOL YOU ARE CURRENTLY ATTENDING, THERE ARE SEVERAL WAYS YOU CAN RESEARCH YOUR OPTIONS:

- This enrollment guide contains information on every elementary school within DPS, including programs, contact information and more. To help you organize your search, the schools are divided into five general regions of the city.
- Visit schoolfinder.dpsk12.org. You can search schools by address, programs or alphabetical list.
- Talk to schools that interest you. There’s no substitute for speaking directly with school leaders about their programs and culture. Contact individual schools for more information.

Once you’ve selected the schools that interest you, you’re ready to take part in SchoolChoice, our unified enrollment system. The next SchoolChoice window is Jan. 14 to Feb. 15, 2022. See page 4 for more information.

TYPES OF SCHOOLS

DISTRICT-MANAGED SCHOOLS
Operated, supervised and supported by DPS and its Board of Education.

- Some district-managed schools are innovation schools, which have been granted status by the DPS Board of Education and the Colorado Department of Education, providing increased flexibility with education programs, staffing, schedules and budgets to best meet students’ needs.
- District-managed schools also include some magnet schools or programs, which emphasize a particular style of learning or educational need, or serve students with a common area of interest, and may provide transportation to students who live outside the school’s neighborhood. Examples include Arts Focus, Montessori, Highly Gifted and Talented, and Dual Language schools or programs.

CHARTER SCHOOLS
Independently operated public schools governed by an independent Board of Directors.

- All charter schools are accountable to the DPS Board of Education and to the same academic performance standards as district-managed schools.
- Charter schools have flexibility to design their own educational programs and school-based policies.
- All charter schools are committed to equitably serving all students within the district. Some charter schools serve a neighborhood boundary or give a priority to students who live within a designated area.

PATHWAYS SCHOOLS

- PATHWAYS SCHOOLS may be district-managed or charter. Pathways schools offer intensive academic and affective supports that lead students to a diploma and connect them to postsecondary opportunities. Most pathways schools provide the opportunity to earn more credits per year than traditional settings.
DPS believes that all students should have equitable access to their preferred schools, regardless of where they live in Denver. Incoming students are guaranteed enrollment in their neighborhood school, or a school in their enrollment zone. However, any student who wants or needs to attend a different school the following year may take part in SchoolChoice, our online enrollment system. Enrollment for preschool students at a DPS program is not guaranteed; preschool families need to apply on a yearly basis.

**FIND YOUR NEIGHBORHOOD SCHOOL**

If you are a Denver resident, have not “choiced” out of your neighborhood boundary school and need to enroll your student for the current school year, you may enroll directly at the neighborhood school that serves your address. You can visit schoolfinder.dpsk12.org to determine your neighborhood school. To enroll, contact the school office directly for registration dates and required documents.

Some parts of Denver are served by enrollment zones, or geographic areas where students are guaranteed a seat at one of several schools, not just one particular school. If you recently moved and reside within Denver, and you now live in an enrollment zone or would like to attend a school other than your neighborhood school for the current school year, please complete an application by creating an account and logging in at dps.schoolmint.net/signin.

**SCHOOLCHOICE**

If you want to enroll your student in a DPS school other than your neighborhood school (or the school you are currently attending) for the following school year, you may take part in SchoolChoice. During SchoolChoice, families submit one application per student, on which they rank their top school preferences. DPS then matches students to schools based on those preferences, as well as school admission priorities and available space. Our system is designed to maximize the number of students getting their most-preferred school.

Round 1 of SchoolChoice for the 2022-23 school year will take place Jan. 14 through Feb. 15, 2022. You can create an account and apply at dps.schoolmint.net/signin anytime during the application window.
SCHOOLCHOICE
KEY DATES

JAN. 14, 2022
Round 1 SchoolChoice application opens

FEB. 15, 2022
SchoolChoice applications are due by 4 p.m.

LATE MARCH, 2022
Families are notified of school placement

EARLY APRIL, 2022
Round 2 of SchoolChoice opens
SCHOOL PROGRAMS

ADVANCEMENT VIA INDIVIDUAL DETERMINATION (AVID) is a K-12 college readiness system that places students – particularly those from groups traditionally underrepresented in higher education – on the college track. As a key strategy in closing the opportunity gap, AVID students are held accountable to the highest standards with academic and social support to reach their full potential. AVID prepares students for postsecondary success by equipping them with essential skills, academic norms and college knowledge so they feel empowered to take ownership of their education.

ADVANCED PLACEMENT (AP) classes help high school students prepare for college in a rigorous, college-like experience. AP is a curriculum created by the College Board offering standardized courses that are generally recognized as equivalent to undergraduate college courses. Students who obtain qualifying national AP exam scores may be able to receive credit and advanced placement at participating colleges and universities, saving them both time and money during their college years.

ARMY JUNIOR RESERVE OFFICERS’ TRAINING CORPS (JROTC) is an exciting program offered to high school students that teaches character education, student achievement, health and wellness, leadership and diversity. In addition to promoting citizenship, JROTC also prepares students for postsecondary options including college or the workforce. Through cadet-run programs and team competitions, students learn valuable professional skills like leadership, teamwork, time management, self-discipline and communication.

ARTS PROGRAMS IN DPS SCHOOLS embody academic arts (visual art, theater, dance, music) exploration and opportunities for student engagement, personal expression, and cognitive development. To search art offerings at individual schools, visit arts.dpsk12.org/school-locator.

ACCELERATING STUDENTS THROUGH CONCURRENT ENROLLMENT (ASCENT) is a program based on legislation that allows DPS to pay the college tuition and fees for one full year of college (fall and spring semesters) for participating students. Passed into law in 2009 as an extension of the Concurrent Enrollment program, the purpose of ASCENT is to improve academic programming and create a path for students to enroll in college courses and earn credits while in high school. Students are eligible to enroll at one of many participating community or technical colleges. ASCENT students are provided wrap-around support services including academic, social/emotional, and financial support throughout their entire first year of college.

BLENDED LEARNING combines online digital media with traditional classroom methods.

CAREER AND TECHNICAL EDUCATION (CTE), previously known as CareerConnect School-based Learning, is a Career and College Success program that offers students hundreds of career-related courses at many levels – from
introductory classes to classes that offer opportunities to earn college credit or industry credentials. Through courses that are fun, real-world and project-based, students learn professional skills and are empowered to generate solutions. For information on CTE programs and pathways available at each school, visit: collegeandcareer.dpsk12.org.

**CAREER DEVELOPMENT**, previously known as CareerConnect Work-based Learning, is a Career and College Success program designed to give students early exposure to many career options as they learn more about their own passions and interests. Students are partnered with companies, higher education institutions and non-profits to gain work-based learning experiences such as site visit days, internships, mentoring, apprenticeships and more. In addition to continued implementation of work-based learning programming, the Career Development team supports students through meaningful career conversations so students can learn of their CCS and make informed decisions that support their career goals. For information on Career Development programs and pathways available at each school, visit: collegeandcareer.dpsk12.org.

**COMPETENCY-BASED LEARNING** allows students the flexibility to progress as they demonstrate mastery of academic content, regardless of time, place or pace of learning.

**CONCURRENT ENROLLMENT AND DUAL ENROLLMENT** allows students to enroll in college courses, simultaneously earning high school and college credit. The simultaneous enrollment of a qualified student in a district high school includes one or more post-secondary courses in an academic, career, or technical education course at a higher education institution. Students gain exposure to the academic challenges of college while in their supportive high school environment or on a college campus. Concurrent Enrollment/Dual Enrollment is available at all DPS high schools and select DPS charter schools. Participation in Concurrent/Dual Enrollment is based on a student’s college readiness and their Individual Career and Academic Plan (ICAP) – a graduation requirement for the classes of 2021 and beyond – which students develop with their counselor or school leader.

**CREDIT RECOVERY** offers students the option to earn credit for classes they did not successfully complete so that they are on track to graduate. DPS offers Credit Recovery in all district-managed high schools as a competency-based online and teacher-supported program.

**DENVER SCHOLARSHIP FOUNDATION FUTURE CENTERS**, located in a number of DPS high schools, support students as they prepare for college at a four-year, two-year or technical school. Advisors help students apply, earn scholarships and succeed in college. Visit denverscholarship.org for information.
EARLY COLLEGE high schools are designed for students to concurrently earn, upon graduation, a high school diploma, an associate degree, a postsecondary credential, or at least 60 college credits. Early college high schools are designated by the Colorado State Board of Education. Early college students should meet district graduation requirements and earn a postsecondary credential, associate’s degree, or 60 college credits within the four years of high school.

EXPEDITIONARY LEARNING combines traditional instruction in core subjects with community service and real-world projects that support students in exploring the world outside of the classroom.

INTERNATIONAL BACCALAUREATE (IB) PROGRAMMES offer a more comprehensive approach to advanced education. IB Primary Years, Middle Years and Diploma Programmes provide a challenging curriculum that is consistent and highly regarded around the world. IB schools focus on international perspectives of learning and teaching, while supporting students in fully exploring their home culture and language. IB instruction helps develop the intellectual, personal, emotional and social skills that prepare students for success in a rapidly globalizing world. Students who take IB courses and exams in high school stand out in the college admissions process and have the opportunity to earn credits or advanced standing at most colleges and universities in the U.S.

INTERNATIONAL FOCUS SCHOOLS offer a unique curriculum that relates the classroom to the world as a whole. Students explore different cultures and international perspectives while developing skills that will help them be successful in a rapidly changing world.

MONTESSORI PROGRAMS observe and support the natural development of children in a self-directed learning environment. DPS Montessori programs focus on helping children develop creative, problem-solving, social and time-management skills.

NATIVE AMERICAN CULTURE AND EDUCATION AND FOCUS SCHOOLS offer support services by bringing together students with a shared heritage and culture. NACE staff ensure students have access to all opportunities and resources in the district. The goal is to increase the graduation rate of American Indian and Alaska Native students. Contact NACE at 720-423-2042 for more information.

PERSONALIZED LEARNING facilitates academic success by first determining the learning needs, interests and aspirations of individual students, and then providing learning experiences that are customized for each student.

PRE-COLLEGIATE PROGRAMS are focused on preparing students for continuing their education after high school; can include earning college credit during high school.

PROJECT-BASED LEARNING is a method in which students gain knowledge and skills by working for an extended period of time to investigate and respond to an authentic, engaging and complex question, problem or challenge.

SERVICE LEARNING combines work on a community project, such as a volunteer setting, with classroom studies.

STEM is a curriculum based on the idea of educating students in four specific disciplines – science, technology, engineering and mathematics – in an interdisciplinary and applied approach.
DENVER HEALTH SCHOOL-BASED HEALTH CENTERS

Denver Health School-Based Health Centers, located at 18 DPS campuses, offer free health care to any DPS student, regardless of their school, insurance status or ability to pay. If there is not a location at your child’s school, you may use the one located closest to you. These centers are at the following locations:

- **ABRAHAM LINCOLN**
  (2285 S. Federal Blvd.)
- **BRUCE RANDOLPH**
  (3955 Steele St.)
- **EAST**
  (1600 City Park Esplanade)
- **EVIE DENNIS CAMPUS**
  (4800 Telluride St.)
- **FLORENCE CRITTENTON**
  (55 S. Zuni St.)
- **JOHN F. KENNEDY**
  (2855 S. Lamar St.)
- **KEPNER CAMPUS**
  (911 S. Hazel Court)
- **KUNSMILLER**
  (2250 S. Quitman Way)
- **LAKE CAMPUS**
  (1820 Lowell Blvd.)
- **MANUAL**
  (1700 E. 28th Ave.)
- **MARTIN LUTHER KING, JR. EARLY COLLEGE**
  (19535 E. 46th Ave.)
- **MONTBELLO CAMPUS**
  (5000 Crown Blvd.)
- **NORTH**
  (2960 Speer Blvd.)
- **NOEL CAMPUS**
  (5290 Kittredge St.)
- **PLACE BRIDGE ACADEMY**
  (7125 Cherry Creek Drive North)
- **SOUTH**
  (1700 E. Louisiana Ave.)
- **THOMAS JEFFERSON**
  (3950 S. Holly St.)
- **WEST CAMPUS**
  (951 Elati St.)

For more information, visit [denverhealth.org](http://denverhealth.org).
The mission of DPS Transportation Services is to provide safe, equitable and efficient transportation services to our students. We know that getting to school safely is the first step in a great learning experience, and helps ensure that Every Child Succeeds.

### Standard

- **Elementary School Students (Grades K-5)** are eligible for standard bus transportation if they attend their neighborhood boundary school and live more than 1 mile from the school.

- **Middle School Students (Grades 6-8)** are eligible for standard transportation if they attend their neighborhood boundary school and live more than 2.5 miles from the school.

- **High School Students (Grades 9-12)** (outside of the Near and Far Northeast Success Express Shuttles) are eligible for Regional Transportation District (RTD) if they attend their boundary schools and live more than 2.5 miles from their school. Eligible high school students receive the monthly RTD pass at no charge from their school. For more information about the RTD bus routes, visit transportation.dpsk12.org.

### Enrollment Zones

Students who live within the enrollment zones receive transportation specific to that zone.

- **Near and Far Northeast Success Express Shuttles**: School bus shuttle systems that circulate separately throughout the Far Northeast and Near Northeast neighborhoods to provide transportation to and from DPS schools in each community. Learn more about the Success Express Shuttle and find full schedules at transportation.dpsk12.org/eligibility-and-routing/success-express-shuttle/.

- **Southwest Express**: Transportation system that serves students who live and attend middle school in the Southwest Middle School Enrollment Zone.

- **West Enrollment Zone**: Transportation system that serves students who live and attend middle school in the West Middle School Enrollment Zone.

- **Far Southeast Enrollment Zone**: Bus system that serves students in the Far Southeast Elementary Enrollment Zone.

- **Greater Park Hill/Central Park Middle School Enrollment Zone**: Transportation system that serves middle school students in the Park Hill/Central Park neighborhood.

For more information, visit transportation.dpsk12.org/eligibility-and-routing, and scroll down to Enrollment Zone Transportation.

### Magnet Schools

Transportation is available to all students enrolled in a magnet program such as Highly Gifted and Talented who meet the transportation eligibility criteria, and who live within the magnet transportation zone.
OTHER CONSIDERATIONS

SPECIAL EDUCATION
Special education programs at DPS are offered based upon each student’s individual needs. Transportation is provided as a related service to a center-based program. For information about transportation for a child with special needs, call Student Equity and Opportunity at 720-423-3437 or email StuTrans@dpsk12.org.

MULTILINGUAL EDUCATION
When boundary schools do not provide Multilingual Education (MLE) services, students are eligible to attend – and receive transportation to – the school in their area that offers MLE services. For MLE school locations and transportation guidelines, visit mle.dpsk12.org.

EXCEPTION REQUEST PROCESS
Families of students who are not eligible for transportation or who have “choiced” out of their neighborhood school may submit an exception request to be considered for transportation. This request is completed online using the Parent Portal; visit myportal.dpsk12.org and navigate to the “Transportation” page. Visit transportation.dpsk12.org/eligibility-and-routing/exception-request-process for information on the exception request process.

+PASS
The +Pass is a required card that students must scan when getting on and off the school bus. The mandatory +Pass program was created to keep parents informed about when and where their student gets on and off the bus. Every transportation-eligible student in DPS who rides a school bus must use their +Pass every day. More information can be found at transportation.dpsk12.org/pluspass.

NOTE: Parents can view their child’s bus route and +Pass recorded data by logging into their Parent Portal account.

BUS COMMUNICATIONS
Parents of students who ride the school bus will receive real-time information and updates about their student’s bus service through SchoolMessenger. Text, email and voice notifications will be sent to parents when buses are running more than 15 minutes late due to traffic, emergency or weather delay. Parents of transportation-eligible students are automatically enrolled to receive SchoolMessenger notifications based on the phone number and email address provided when they registered their student for school.

Note: You can verify and update your contact information by logging into the Parent Portal.
MEETING YOUR STUDENT’S NEEDS

GIFTED AND TALENTED SERVICES

WEB: studentequity.dpsk12.org/gifted-talented
PHONE: 720-423-2056

WHAT ARE GIFTED AND TALENTED SERVICES?
All schools in DPS are responsible for meeting the needs of identified gifted and talented students, as well as students in a formalized talent pool. K-8 schools are supported through a GT teacher, charter schools are supported through a designated point of contact, and high schools are supported through a site-based team and staff from central administration.

GT services in DPS schools range from co-teaching by the gifted education teacher in the regular classroom; pull-out programs; cluster grouping; ability grouping; curriculum compacting; acceleration of content; enrichment opportunities; and/or magnet services (for students designated HGT or magnet-eligible).

The gifted education teacher collaborates with classroom teachers in differentiating instruction and providing best practices for learners who have an Advanced Learning Plan. Additional services and opportunities may focus on talent development for those students who are not formally identified but are demonstrating a need in certain academic or talent areas. For more information about gifted and talented programming please contact the GT teacher or Point of Contact at your school or review the GT programming plans on the website.

QUALIFYING FOR SERVICES
There are multiple ways in which students may qualify for services. All students in kindergarten, second and sixth grade participate in a universal screening for potential GT identification. Students in other grade levels may complete a testing application available for either fall testing or spring testing. The application and deadlines can be found on the GT website.

HIGHLY GIFTED AND TALENTED PROGRAM (HGT)
The Gifted and Talented magnet program provides an educational option for students in grades 1 through 8 who have been designated as magnet eligible or identified as HGT. This educational option is provided to address the extreme needs of students that may exhibit exceptional intellectual ability as well unique social and emotional needs.

Once a child is identified as magnet-eligible (ME or highly gifted-HGT), families may include the HGT program at Cory, Edison, Gust, Lena Archuleta, Polaris and/or Teller elementary schools and Morey Middle School on their SchoolChoice application.

For questions about GT designation or HGT options, please visit studentequity.dpsk12.org/gifted-talented or contact your current GT teacher, or the Gifted and Talented Department.
MULTILINGUAL EDUCATION (MLE)

WEB: mle.dpsk12.org
PHONE: 720-423-2040

WHAT ARE MLE SERVICES?
Every student’s primary language is an asset that, combined with English language skills, leads to success in school and life. Multilingual Education (MLE) programs feature instruction by qualified teachers and dedicated English Language Development support to help Multilingual Learners (MLLs) develop knowledge in core content areas while they learn English.

WHO IS ELIGIBLE?
All students whose primary language is not English, and are not yet proficient in English, are eligible for MLE program services. At registration, parents of all new students complete a form called the Home Language Questionnaire (HLQ), which identifies the language or languages spoken by the student and his or her family. If a language other than English is entered on the HLQ, the parents select an MLE program for their child. The school evaluates the child’s English proficiency level and reviews the student’s performance to determine if the child is eligible for MLE program services.

MLE PROGRAMS OFFERED AT DPS SCHOOLS:

■ **BILINGUAL TRANSITIONAL NATIVE LANGUAGE INSTRUCTION (TNLI)** programs, also known as bilingual programs, are for MLLs whose first language is Spanish. In an elementary TNLI program, students are instructed primarily in Spanish in the early grades. As students progress through the program, the amount of English instruction gradually increases until there is a 50-50 balance of Spanish and English instruction by fourth grade. In our secondary TNLI programs, students take up to two of their content courses in Spanish each semester.

The goal of bilingual programs is to help students learn English while developing literacy and content skills in Spanish at the same time, leading to proficiency in both languages. Teachers in bilingual programs have been specially trained to help students learn English while they learn other subjects, and are proficient in Spanish. Instruction in TNLI schools is guided by research-based Language Allocation Guidelines, which determine the percentage of instruction time in each language.

■ **ENGLISH AS A SECOND LANGUAGE INSTRUCTION (ESL, ALSO CALLED ELA-E)** is intended for MLLs who speak any language. In ESL programs, all of the classes are taught in English. Teachers in this program have been specially trained to help students learn English while they learn other subjects such as reading, science and math. Schools may also offer additional support in home languages through a native language tutor or an ELA-S Resource teacher.

■ In Denver Public Schools, **DUAL LANGUAGE** is a long-term program offering instruction in two languages with the goal of developing bilingualism, biliteracy, and cultural appreciation. Every district-run dual language program includes at least 50% of instruction in Spanish at the elementary level, and Spanish language arts and one content area taught in Spanish at the secondary level.

Regardless of the program, all English learners receive a daily class dedicated to English Language Development (ELD), which gives students the fundamental tools to speak and write English.

Contact your school to learn more about MLE offerings. A list of MLE programs by school can also be found at mle.dpsk12.org. Call 720-423-2040 for more information.
THE DPS SEAL OF BILITERACY

The DPS Seal of Biliteracy is an award earned by students who have met their high school graduation requirements, and have studied and attained proficiency in two or more languages by high school graduation. For more information, visit mle.dpsk12.org/seal-of-biliteracy.

NEWCOMER CENTERS

Newcomer Centers are designed for students who are new to the U.S., have had interrupted schooling, and need additional support adjusting to a new educational system. Newcomer Centers are located at Place Bridge Academy (K-5), Merrill Middle School, Abraham Lincoln High School and South High School.
SPECIAL EDUCATION SERVICES

WEB: studentequity.dpsk12.org/special-education
PHONE: 720-423-3437
EMAIL: sped@dpsk12.org

WHAT ARE SPECIAL EDUCATION SERVICES?
Special Education is a federally mandated program for students who qualify for specially designed instruction due to an educational disability. DPS schools provide educational services to meet the needs of students with disabilities who qualify under the Individuals with a Disability Education Program. If a student qualifies, an Individualized Education Program (IEP) is developed to provide specially designed instruction for the student. Students may also receive support from nurses, school psychologists, social workers, speech language pathologists, audiologists, educational sign language interpreters, braillists, orientation and mobility specialists, teachers of the deaf and hard of hearing, teachers of the blind or visually impaired, early childhood special educators, occupational therapists and physical therapists.

WHO IS ELIGIBLE?
Eligibility is determined by a formal assessment process that uses criteria associated with specific disabilities. Within this evaluation process, families are provided information regarding their child’s eligibility and options for services.

WHERE ARE SPECIAL EDUCATION SERVICES AVAILABLE?
All DPS schools, including charter schools, provide a continuum of services to meet the unique needs of students with disabilities. Some schools have specialized programming such as Deaf and Hard of Hearing Services or Autism. The child’s IEP team determines if students need this level of programming.

HOW DO I ACCESS SPECIAL EDUCATION SERVICES?
Students do not directly enroll in special education services. Instead, families participate in the evaluation of their child’s eligibility and are included in the determination of the services their child will receive once DPS completes the formal assessment process. If you believe your child may qualify for special education services, contact your school of interest to inquire about an assessment being completed for your child.
Grades are listed for shared camps and schools that do not follow standard grade configurations.

At Farrell B. Howell, we are a family that grows leaders! Howell offers educational programming focused on developing the whole child through the Leader in Me philosophy. We believe every child possesses unique strengths and has the ability to be a leader at school and in every aspect of their lives. Howell’s faculty and staff help every student learn to become self-reliant, take initiative, plan ahead, set and track goals, do their homework, prioritize their time, manage their emotions, be considerate of others, express their viewpoint persuasively, resolve conflicts, find creative solutions, and value differences. Starting in 2022-23, we will offer a two-way dual language program for ECE students, adding one grade level per year until eighth grade.

ROBERT F. SMITH STEAM ACADEMY

WEBSITE: robertfsmith.dpsk12.org
GRADES SERVED: 9-10
ESTIMATED ENROLLMENT: 200

Founded upon the principles of Historically Black Colleges and Universities (HBCUs), Robert F. Smith STEAM Academy is grounded in three central components that are embedded in the design of each aspect of the school: Blackness - an understanding of and pride in one’s self, history of Black people and culture in the world; Inclusion - normalizing difference and creating the space for creative collaboration in the classroom and community; and Interdisciplinary Focus - the ability to see connections between different subject areas and solutions that require more than one approach to create lasting change. Our high school experience honors students’ history, individuality, cultural experiences, and future potential.

DENVER GREEN SCHOOL NORTHFIELD

WEBSITE: dgsnorthfield.org
GRADES SERVED: 6 to 8
ESTIMATED ENROLLMENT: 540

Denver Green School Northfield is a neighborhood innovation school and is one of the few DPS schools dedicated to sustainability. We provide a “hands-on, brains-on” curriculum that is designed to ensure all learners achieve at a high level. Our students are prepared to excel in the colleges and careers of tomorrow. We have been a high-achieving and high-growth school for several years at our original campus in the Virginia Vale neighborhood, and expect to bring the same level of excellence to Northfield.

DENVER JUSTICE HIGH SCHOOL

WEBSITE: denverjustice.org
GRADES SERVED: 9 to 13
ESTIMATED ENROLLMENT: 105

Denver Justice High School’s mission is to provide a college-preparatory education for all students. Justice targets students who are chronically truant, who have been unsuccessful in a traditional school setting or who have been involved in the criminal justice system. Denver Justice is a place where “at-risk” youth can become successful “youth of promise.”

DENVER LANGUAGE SCHOOL — GILPIN CAMPUS

WEBSITE: denverlanguageschool.org
GRADERS SERVED: K to 8
ESTIMATED ENROLLMENT: 915

Imagine your child, happily engaged in telling a story to a friend, animated and excited, speaking easily in Mandarin Chinese or Spanish! Now imagine your child grown up, focused on an exciting career in international business, conversing with a client and helping to close an important global deal in Mandarin or Spanish. Children here are learning Mandarin Chinese or Spanish through a progressive language immersion program. A language assessment may be needed for new student enrollment. Please contact the school to learn more.

DENVER ONLINE

**WEBSITE:** online.dpsk12.org  
**GRADES SERVED:** 6 to 12  
**ESTIMATED ENROLLMENT:** 275

Denver Online High School is a state-certified multi-district 6-12 school that is managed by DPS. We serve diverse range of students, including artists, athletes, home-schooled students, busy students and others who need a flexible schedule. Our model combines the flexibility of the online environment with the support and culture that comes with having in-building requirements for our students. Our team is a group of highly supportive, responsive, and sensitive educators who focus on the whole child in order to push for academic excellence. In addition to course work, students are offered college courses, community service opportunities, internships/apprenticeships, field trips, and social events! Our goal is to help students “Do More” with their flexible education!

**HIGHLINE ACADEMY SOUTHEAST**

**WEBSITE:** highlineacademy.org  
**GRADES SERVED:** K to 8  
**ESTIMATED ENROLLMENT:** 525

At Highline Academy, we meet every learner where they are and help them discover who they can become. We inspire them to realize their potential, capacity, and strengths with intentional relationship building and challenging them to REACH IN, to REACH OUT, and to REACH UP every day. We teach our students to REACH IN for personal growth and self-reflection, to REACH OUT to support their fellow classmates and those in their communities with civic leadership, and to REACH UP to pursue an ongoing love of learning and to do their personal best academically. We prepare them for the diverse environments that await them - in higher education, career, and life - by creating an intentionally diverse school community with students coming from a wide range of socioeconomic backgrounds, cultures, and home languages spoken.

AMERICAN INDIAN ACADEMY OF DENVER

WEBSITE: aiadschool.org
GRADES SERVED: 6 to 10
ESTIMATED ENROLLMENT: 150

American Indian Academy of Denver (AIAD) is a community-driven school where children are secure in their cultural identity, feel a sense of belonging, and are supported holistically while engaging in rigorous, culturally-competent academic content. AIAD is one of the first schools in the nation to implement a STEAM (science, technology, engineering, art, mathematics) curriculum through the North American indigenous cultural perspective. Students will engage in real-world problem solving and project-based learning in a multidisciplinary approach. Our shared leadership model will ensure that our families have a meaningful voice in the education of their children and will give our students the opportunity to develop into our community leaders of tomorrow.

PROGRAMS:

Arts and Music • PE • Community Service • Social Clubs • Cultural Clubs • Student Leadership • Lakota Language • Navajo Language • Gifted and Talented • Problem-Based Learning • Project-based Learning • STEAM • Community Resources

DENVER CENTER FOR INTERNATIONAL STUDIES

WEBSITE: dcis.dpsk12.org
GRADES SERVED: 6 to 12
ESTIMATED ENROLLMENT: 520

DCIS is a DPS magnet middle and high school in the Baker neighborhood of Denver that has garnered state and national recognition. All students can become proficient in one of six languages and learn about and experience different cultures. Our unique curriculum enables DCIS to graduate global citizens who are multilingual and inter-culturally competent. We are proud of our students’ community-building skills, and of their drive to serve others.

STRIVE Prep - Federal will be the No. 1 middle school in Denver as measured by student growth, student achievement, family satisfaction, and teacher retention by maintaining an unwavering commitment to disrupting injustice and systemic racism. This statement represents our Big Goal and it is carefully woven into the fabric of our school community. It shows up in our rigorous college-prep instruction, regular family engagement opportunities, and competitive after-school athletic programming. As a result, our students are ready to advocate and collaborate in order to change the world and make it a better place.

STRIVE PREP – KEPNER

WEBSITE: striveprep.org/kepner
GRADES SERVED: 6 to 8
ESTIMATED ENROLLMENT: 235

STRIVE Prep - Kepner is a community where every student is learning to change the world. Our approach to education is rooted in our community and the connections we build with one another. As such, our school is a comprehensive human development model in which all members of our community engage in development that goes beyond academics. As a Powered by Compass school, we join a few schools across the country who have implemented a comprehensive human development program that has shown success in supporting holistic development. We believe that creating a space for every member of our community to shine in their academics as well as their holistic development is critical for lifelong success.

**STRIVE PREP – WESTWOOD**

**WEBSITE:** striveprep.org/westwood  
**GRADES SERVED:** 6 to 8  
**ESTIMATED ENROLLMENT:** 280

STRIVE Prep - Westwood students use their voice. Academic success is driven by increasing the opportunity for students to engage in meaningful ways during class. Intentional discussion-based lessons bring student identity and agency into the forefront of the classroom, and strong differentiation of schedules allows for more intentional intervention, closing existing academic gaps while protecting student language development. Westwood prides itself on community engagement and connection; creating an educational landscape that is constantly evolving for, and by, the community. STRIVE Prep - Westwood is proud to serve the families of southwest Denver, and shares a campus with the high school STRIVE Prep - SMART.
